

TEXAS INTERSCHOLASTIC SWIMMING and DIVING OFFICIALS

www.tisdo.org / 02-SEP-23

2023 – 2024 Registration and Testing

- As was the case last year, Registration and Testing will be managed by Dragonfly under the auspices of the National Federation of High School Sports (NFHS).
- Assurances have been given that after a year of experience, last year's chaos will not be repeated.
- Dragonfly's Web address for officials is: <https://www.dragonflymax.com/officials>
- Dragonfly is the NFHS program for all sports, in all states, for all types of participants, and in all seasons. From time-to-time, you are therefore likely to get e-mail from Dragonfly that have absolutely nothing to do with Texas high school swimming and diving.
- Registration and Testing will open on September first and close at midnight November 15th.
- **PLEASE NOTE:** This year TISDO Swimming and TISDO Diving are managed as separate entities. If you plan to officiate both sports, please begin by Registering in TISDO-Swimming, take the swimming test, and then contact Penny Dipomazio at: penny2162@gmail.com to complete the Diving Registration. You will need to pay the fees only once.
- Registration with Dragonfly is a two-part process. TISDO is the Tier Two (2) organization referenced:
 - FIRST: Register with the NFHS
 - SECOND: Register with TISDO
- FEES:

-NFHS	\$25.00 + \$3.29 possessing	\$28.29
-TISDO		<u>\$21.70</u>
-Total		\$49.99
- You must be properly Registered with both NFHS and TISDO, and have paid all required fees before you will be allowed to Test. You will have a maximum of six (6) opportunities to pass the Test.
- The minimum passing score is 75%.
- You will be offered the option of paying a \$10.00 NFHS Network Service fee. The default option on the Website is to purchase. However, this is an optional matter and purchase is NOT required.
- **PLEASE NOTE:** For those who may have begun the Registration process with NFHS early on, they need to return and complete your Registration with TISDO and the Test.
- **DIVING OFFICIALS PLEASE NOTE:** To those who wish to become or re-register as Diving Officials, please pause until the separate Diving Test is available on the Dragonfly Website. Please DO NOT take the Combined Test, as it is not relevant to Diving Officials for the 2023 – 2024 Season.
- Please address questions and / or concerns to Dr. Holcomb at: jimsd12@gmail.com.
